PROFESSIONAL SUMMARY

Information Technology undergraduate with strong problem-solving skills and hands-on experience in Java, React and Data Structures & Algorithms. Solved 600+ coding problems and developed responsive web applications during internships. Passionate about software development and eager to contribute to innovative engineering teams

ACADEMIC PROFILE

Course	Institute	University	Marks Obtained	Year Of Passing
B.Tech IT	Easwari Engineering College	Anna University	9.0/10	2023-2027
HSC	A V L Matriculation Higher Secondary School	----	91.67 %	2023
SSLC	A V L Matriculation Higher Secondary School	----	100 %	2021

SKILLS

- **Programming Languages** – Java(Intermediate), C(Basics)
- **Web Technologies** – HTML, React, CSS
- **Database Management** – SQL, MongoDB
- **Tools** – Github, Vs Code, Apache Netbean
- **Core Subject** – DSA, DBMS, Operating System
- **Soft Skills** – Team Work, Time Management, Communication

PROFESSIONAL EXPERIENCE

- 1M1B Green Internship:** 1M1B Green Skills Academy (in partnership with AICTE Salesforce) | Jul–Aug 2025 (5 Weeks)
 - Designed a Figma-based prototype – “Green Habit Tracker”, integrating UI/UX design principles to promote eco-friendly user behavior.
 - Conducted UX research and user flow mapping to improve usability and interaction.
- 2. SOFTRATE INTERN:** Full Stack Web Development | Dec 2025 - Jan 2026 (5 weeks)
 - Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase projects, skills with a responsive and user-friendly design.
 - Designed and built a construction company website using React and CSS, responsive design principles.

PROJECT

1. Green Habit Tracker: Figma Prototype

- A visually engaging and easy-to-navigate prototype that motivates users to track green habits daily while maintaining long-term engagement through feedback and rewards.
- The final prototype demonstrates strong skills in UI/UX design, interaction design, information architecture, and product thinking, showcasing the ability to design user-centered digital experiences from concept to execution.
- **Tech Stack:** Figma, UI/UX, Wireframing, Prototyping
[Prototype Video](#)

2. Construction Website:

- A fully functional React Native application styled with CSS, featuring a clean and easy-to-navigate interface, highlighting the company’s home page, project portfolio, services offered, and other key information.
- The final application demonstrates proficiency in mobile development with React Native, responsive UI design using CSS, effective information architecture, and interactive navigation, illustrating the ability to create professional, user centered digital solutions for the construction industry.
- **Tech Stack:** React, CSS, Java Script
